Jerzy Tomes

Software QA Engineer Candidate

About Me Recent graduate of MSc studies in Biomedical Engineering, with specialty in Medical Informatics, at Wroclaw University of Science and Technology. My master thesis concerned use of Machine Learning in diagnostics. Following my decision to become a tester, I obtained an ISTQB certificate and started learning testing tools. Currently, I'm gaining experience with crowdtesting sites.

I am searching for a Junior or Intern position in Software QA sector, which will allow me to start IT career and build up experience.

Education and Certification

2021, ISTQB Foundation Level certificate
Acquired after preparation course with testuj.pl

2019 - 2020, Wroclaw University of Science and Technology
MSc in Biomedical Engineering, specialty: Medical Informatics

2015 - 2019, Wroclaw University of Science and Technology
BSc in Biomedical Engineering, specialty: Medical Informatics

Experience

2015 - 2020: *miscellaneous temporary jobs*

2018, 2019: *election commission member*

2021: *crowdtesting platforms: utest.com, test.io, usertesting.com*

Work Skills

Skills
